

Gravity Filler

**Tabletop, Semi-Automatic
and Fully Automatic Models
Available**

A Gravity, or Pressure Gravity, Filling Machine provides a time-based fill system with individually timed fill heads, making it one of the most accurate and economical fillers for products that are consistent in viscosity. Typical products include water, edible oils, distilled spirits, molten products, corrosive products, and more!

Standard Features:

- Individually timed fill valves
- Allen Bradley Micrologix PLC
- Touchscreen Operator Interface
- Product & Container Memory (Recipes)
- Vision Systems for Containers and Back Ups
- Power Height Adjustments
- Product Reservoir
- Tool-Free Adjustments
- Ability to Fill Any Size & Shape Container
- Robust Construction Built to Run 24/7
- One to Sixteen Fill Heads
- Detailed Set Up Documentation & Manual
